Military Status: Completed

Objective

Motivated Full-Stack Web Developer Intern with hands-on experience in Laravel, PHP, and WordPress. Strong problem-solving and communication skills developed through both technical and sales backgrounds. Passionate about building responsive, secure, and user-friendly web applications while continuously learning and collaborating within teams.

Experience

Web Developer Intern | X-TND *(August 2025 – Present)*

- Develop web applications using **Laravel**, **WordPress**, and **Shopify**, focusing on functionality and responsive design.
- Collaborate with teams to deliver high-quality, open-source web solutions and improve code standards.

Application Support | Cyrus Technology *(June 2025 – August 2025)*

- Provided **technical support** for the company's **tax application**, resolving user issues and ensuring smooth operation.
- Communicated with clients to diagnose problems, document bugs, and coordinate fixes with the development team.

IT Support & Graphic Designer | Pixel Led *(March 2025 – June 2025)*

- Created professional web layouts and promotional materials using **Photoshop** and **Illustrator**.
- Delivered IT support, troubleshooting software and hardware issues to maintain workflow efficiency.

Sales Representative | MA Group *(December 2021 – August 2024)*

> Managed client relationships and proposed tailored software solutions to meet business goals.
- Strengthened communication and negotiation skills while achieving consistent sales targets.

Education

B.Sc. in Computer Science | Thebes Academy

Graduated June 2023 – Grade: B

Graduation Project: Mobile Application for Visually Impaired Users

Enabled real-time video assistance between users and volunteers. Technologies: Dart, Flutter, Firebase, Figma, GitHub.

Projects

- E-Street (Tailwind CSS) – Modern front-end design showcasing responsive layouts and clean styling.
